licenses proposed and the new Mining Regulation. There is however a departure made in the license forms as regards the person who may be empowered to inspect the gold dealers and goldsmiths' registers and articles in their possession which the Regulation empowers any police officer not below the rank of a Chief Constable to make any such inspection, the license requires that the police officer should be not below the rank of an Inspector. This seems to be an improvement.

15. In the which the Hawkers and pedlars' license form prescribes several rates of fee for hawking or pedling in different things, the Inspector General has proposed a uniform rate, viz Rs 5 in the former case & Rs 10 in the latter case. Either the license or the draft Notification will have to be altered. The period for which the license fee is to be levied may also be made clear in the Notification.

Under the enabling sections 8(2) & 18
Section 8(2) says "Every Gold-dealer's and every gold-smith's license and every application for a license, shall, respectively, be in such forms as may be prescribed by Govt." Section 18 says "licenses shall be issued subject to such conditions and the levy of such fees as the Govt may prescribe." The difference in phraseology is striking and it is doubtful if any conditions, inconsistent with the Regulation, can be introduced into the license under Sc 8(2). Though the Govt may prescribe conditions on such points as on which the Regulation is silent, yet, where the Regulation deals with any points, the license cannot be inconsistent with the conditions prescribed in the Regn. An instance in point is cl (J) in Schedule A and cl (f) in Schedule B, as put up. Sc 9 of the Regulation expressly confines the power to cancel a license to the case of a conviction of a licensee for any offence, which, in the opinion of the Magistrate renders him unfit to hold a license. This power, so strictly confined in the Regn, has been enlarged by these two clauses. It is very doubtful if this can be done. Moreover, there is another equally fatal objection against cl (J) of Schedule A

Not quite correct to put it this way. But the result is the same. It is that there is no provision under which a license can be cancelled

Note—Contn. sheet

and cl (f) of Schedule B. These clauses seem to have been adopted from the forms of the license under the Mines Regn of 1897. (Vide the license sent with the I. G's letter). Under the old Regulation, a clause to the effect the licen is liable to be cancelled on breach of the it conditions was perfectly valid; for, under para 2, section 6 of the Regn of 1897 (page, 465, Vol II of the Mysore Code), a Magistrate of the first class may, for any good and sufficient cause recorded by him in writing, cancel any such license before the expiry of the year for which it is granted. But, under the Corresponding Section 9 of the New Regulation of 1906, the power to cancel a license is restricted to the case of the conviction of a licensee for any offence. Therefore there is no authority under the Regulation to declare that breach of any of the conditions may make the license liable to be cancelled. There are some Conditio the breach of which is made an offence by the Regulation itself. In those cases, on Convictio the license is liable to be cancelled under Sc. 9. Supposing that the licensee alters the structure of the licensed premises witho the sanction of the K. G. F Magistrate (as require

Serial No.

by Cl (c) Schedule A, how can the licensee be cancelled? Not under Sc 9 for the licensee's action is not an offence under the Regulation. Sc. 18, on the other hand, expressly states that breach of the conditions of a license issued under Sc 18 shall be an offence.

17. If the foregoing view is accepted, the following modifications seem to be necessary. Schedule A. In Cl (i) for the word 'Inspector' the words 'chief Constable' may be substituted before 'Magistrate' the words 'first class' may be added, to make the clause correspond with section 10 (3) of the Regulation.

18. Cl (j) to be omitted for reasons stated above. Even if it is decided to retain the Cl the words "under section 9 of the said Regulation" must be omitted, for Section 9 obviously does not apply. Again the words from 'and the licensee' to the end, must be omitted, because Sc 13 does not provide any penalty for breach of any of the Conditions of a license. The license is issued under Section 8 which is not one of the sections referred to in Section 13.

In Schedule B. Cl (f) may be omitted; at all events the words 'under section 9 of the said Regulation' must be omitted, as Sc 9 does not at all apply.

19. Schedule D does not contain enough headings to include the case of a goldsmith who deals

a separate form for this. K

in Jewellery also.

20. In the Draft Notification, para 3, the fees for a hawker's & a pedlar's license do not agree with those mentioned in Schedule C. So, cl (i) of Schedule C may be incorporated in para 3 of the Draft Notification.

The rate fees prescribed in the Sch's below can maybe adopted. K

A Rajagopalachari 13/8/07

21. In the preamble of the Notification Sections 8, 10 & 18 only are referred to. As in license Schedule B, clause C the provision of Sec 11 of the Regn are incorporated pr observance Sec 11 also may be inserted in the preamble after Sec 10.

W. Nelson 14/8/07

22. Schedule A clause (i) provides pr the ~~in~~ inspection referred to in Sec 10 cl (3), being made "by a Police officer not below the rank of Inspector". In the Regn it is said that such inspection may be made by any Police officer not below the rank of Chief Constable. There is nothing inconsistent in a license, specially prescribed under this section (10) reserving the power of inspection to an Inspector of Police whose

NOTE—Contn. sheet

Serial No.

rank is above that of Chief Constable It would be inconsistent with the provision of this section if the power is given to an officer below the rank of Chief Constable. Clause J. (Schedule A) need not, I think, be omitted, as under Sec 9 it is discretionary with the Magistrate to withhold a license. Such withholding may take place at any time if the Magistrate discovers subsequent to the grant of the license, that the licensee is not a person of good character and reputation Not only a license may be withheld at any time, but it may also be cancelled on conviction of any offence. A mere breach of the conditions of a license is sufficient to withhold or cancel a license ~~either~~ under Sec. 9 ~~or Sec 18~~ though such breach may not amount to an offence criminally punishable. Otherwise once a license is granted it cannot be cancelled till some offence is proved and the licensee

"Withholding" is different from "cancelling."

License are renewable annually

Serial No.

is actually convicted. This is not the spirit and intention of Sec 9 which gives absolute discretion to withhold a license at any time to the Magistrate. It stands to reason that a person who has authority to grant licenses on certain conditions has power to cancel the same if the licensee violates those conditions. The words "withheld or" may, if deemed necessary be inserted before 'cancelled' in clause (J) of Schedule A and in clause (f) of Schedule B.

23. Sec 7 is referred to in Sec 13 and in Sec 7 ~~makes it imperative on a~~ a gold dealer or goldsmith must obtain a license "as hereinafter provided" (i.e. by Secs 8, 10 & 11) Therefore the mention of Sec 8 in Sec 13 was unnecessary.

24. In Schedule C clause c after "hawker" the words "or pedlar" may be added.

25. In Schedule C clause J (last para) after "hawked" the words "or pedled" may be inserted

(4) In Schedule B cl (f) the words "under section 9 of the said Regulation" have to be omitted for the reason stated in (3)

(5) Another form of Register to be maintained by a goldsmith under Sc 10 (2) of the Regulation seems to be necessary as Schedule D put up does not contain enough headings to include the case of a goldsmith also.

(6) Cl (1) of Schedule C prescribes a scale of fees varying according to the nature and value of the saleable articles; while in your letter the fees prescribed for a hawker's and a pedlar license are Rs 5 + Rs 1 respectively. The latter rates are simpler and may be adopted which case cl (1) of Schedule C has therefore to be struck out.

The object of this former is not understood

(7) Addition of the words 'or pedlar' after 'hawker' in cl (c) of schedule C; of the words 'or peddled' after 'hawked' in cl (x) of para 3 of Schedule C

(8) In Schedule C, cl (kg), after 'a fine of 100 Rs' it would be more accurate to add 'or imprisonment of either description for a term not exceeding three months, or both.

Secretary to the Government of
His Highness the Maharaja of Mysore,
General and Revenue Departments.

Sir,

In reply to your letter No: J.3031/Leg.5-06-5 dated 28th March 1907 regarding the form of licenses under the Mines Regulation for the year 1906, I have the honor to reply as follows:-

(1) The additional heading 8 proposed, appears to me very necessary if, as you say, the licensee can have his license cancelled only on conviction of an offence which renders him unfit to hold a license.

(2) In Schedule A clause (i), the word Inspector has been substituted for Chief Constable, as this is the present designation of the office, although the title Chief Constable, is still used on the Gold Fields. This is technically wrong as all Chief Constables on the Gold Fields and in the Cities of Bangalore and Mysore, have been absorbed into the general list of Inspectors.

(3) Schedule A, clause (j), will have to be altered as proposed

proposed by you.

(4) ..... Do ..... Do .....

(5) Only one Form of Register as shewn in the Schedule was suggested viz., the one which would have to be maintained by gold dealers, because it was thought that it will be necessary for a gold-smith to take out a gold dealer's license also before he can well carry on his avocation of gold-smith under the Regulation; as under section 12, he can have no unwrought gold in his possession at any time without keeping the proper register.

(6) As noticed by you the fees proposed in my letter differ from those given in the proposed license to Hawkers and Pedlars. The latter was, I believe, the original suggestion, but after our meeting at the Kolar Gold Fields to discuss the whole question, the members present were of opinion that fees should be charged to the amounts proposed in my letter. I there-fore concur with you in thinking that the simpler rates are preferable.

(7) I concur.

With reference to the Draft Notification prescribing Rules and Forms of Licenses and Registers proposed to be issued under the Mysore Mines Regulation IV of 1906, published in page 82, part III of the Mysore Gazette dated 9th May 1907, I have the honor to point ou that in clause (k) of Schedule C, it is simply stated "c to three months' imprisonment" without specifying the kind of imprisonment. But in your letter No: J.3031/Legi 5-06-5 dated 28th March 1907, para (8) it is stated that it would be more accurate to add "or imprisonment of either description for a term not exceeding three months or both".

In clause (m) of Schedule C, line 2, the word "of" should be corrected into "or".

As Sections 8, 10 & 18 of the Mysore Mines Regulation, under which the rules & forms of licenses were prescribed, refer to a First-class Magistrate as the person who may issue ~~such~~ the licenses or authorise ~~necessary~~ inspections, it seems to us that it will be more appropriate to use the words "First-class Magistrate" than "Special
